

SHEET1

| Rev: | Date:    | By  | Chk | Description |
|------|----------|-----|-----|-------------|
| A.1  | 9/18/12  | PJE | RAW | EC0 0045    |
| A.2  | 10/06/12 | JWW | PJE | EC0 0192    |

技术参数：  
最高转速：3500RPM  
最高温度：125℃  
工装压力：69 BAR  
介质：水 油

THIRD ANGLE PROJECTION:

|                                                                                                                                                                                                                                               |         |     |          |                                                                                                   |                                                             |
